2.	P100/1637G/21	KELVIN NDWIGA
3.	P100/1674G/21	AMOS MWANIKI
4.	P100/1637G/21	DISHON MWAI
5.	P100/1665G/21	ANTHONY MACHARIA
6.	P100/1695G/21	KIBIENDA DENNIS

This document provides an overview of the Education App, including the features and functionality implemented across different screens. The app aims to serve as an efficient tool for students and teachers, integrating features such as login, registration, home page, and more. It allows users to manage their accounts, view personalized data, and access educational content.

Screens in the App

1. Splash Screen: The splash screen is the first screen that appears when the app is launched. It provides a brief introduction or logo of the app before transitioning to the Login screen. This screen is typically displayed for a few seconds.
2. Login Activity: The login screen is where users can enter their credentials (username/password) to access their account. If the credentials are valid, the user is directed to the Home page. If invalid, an error message is shown.

3. Register Activity: Users can create a new account by providing details such as name, email,password, etc. After successful registration, the user can log in to their account.

4. Forgot Password: In case the user forgets their password, they can use the forgot passwordfeature to reset it. The user is asked to provide their registered email address, and a password reset link is sent to the email.

5. Home Page: The home screen is the main dashboard after a successful login. It displays theuser's personal information, and provides access to other features such as viewing grades, assignments, and educational resources.
